THE LORDS OF 52ND STREET:
LEGENDS OF BILLY JOEL BAND

"The Lords of 52nd Street consists of Billy Joel's original band members Richie Cannata, Liberty Devito, and Russell Javors. Billy Joel and his band recorded their first album in 1976 called "Turnstiles". This album gained commercial success and holds an RIAA diamond certification. Other recordings include "Only the Good Die Young", "Just the Way You Are", and "The Lords of 52nd Street". The band recorded and toured with Billy for over a decade, and they were inducted into the Long Island Music Hall of Fame. After the 2014 induction, The Lords of 52nd Street reunited and are back on stage performing original Billy Joel music.

This band is New York's favorite and they sold more than 150 million records, helping to establish Billy Joe's formidable sound. And, they continue to perform their legendary hits still to this day!

Opening Band – "The Swearing Hats"

S'Wearing Hats features eclectic music from the 80's, 90's and a little bit around the edges. Audiences love their tunes as it is not the same sounds other bands play. This 8-piece band features great vocalists and musicians, a horn section and is energy packed. S'Wearing Hats guarantee they will be fun and the perfect opener to get the party started before the main event "The Lords of 52nd Street".

Highlands Health's annual concert is its largest fund-raising event. Proceeds from the concert support the medical, pharmaceutical and wellness services to the low income uninsured and under insured in the region.
